OffKai Expo
The VTuber Convention
May 29 - June 2, 2024
Hyatt Regency, Burlingame, California

What is OffKai Expo?

Founded in 2021, Offkai was the first VTuber focused convention aimed to bring creators big and small from all aspects of the VTubing world to one place.

Our convention would not exist if it weren't for the collective of friends, fans and convention staff reigning from different fandoms joined together to create this event. It is completely volunteer-run and a true passion project.

Our goal is to celebrate and educate about the digital and virtual arts subculture, technology, history, and performance art. We want to create collaborative spaces that inform and educate on tools, techniques, and skills related to the creation of virtual arts and entertainment.

Thank you for joining us for our third year!

It's easy to get caught up in all the excitement and forget important things. So each day keep the **6-2-1 rule** in mind:

- At least **6** hours of sleep, you don't want to fall asleep and miss your oshi
- At least **2** nutritious meals, running on energy drinks and junk food is not a proper diet
- At least **1** shower every day, don't be stinky

In the mood for something a little yabai? The Night Market is an adult space where artists & vendors can sell their NSFW artwork and merchandise. We wanted to have an event like this since the very first OffKai Expo and are very excited that we finally have the manpower and room to do so. We hope it will be a success so we can bring it back longer and bigger next year!

What are Badge Ribbons?

Badge ribbons are great! They are a load of fun to give away or trade, a great way to customize your badge, and a nice way to add an extra bit of fun at the con! They are adhesive fabric ribbons that you stick onto your badge. Badge ribbons originate from the science fiction convention scene but you can now see them making the rounds at a few anime cons. Ribbons will usually have some funny meme or reference that you think yourself or others will find enjoyable!

Ribbon Gachapon

Same hours as Vendor Hall
Ribbon Gate (near Vendor Hall)

Want to test your luck? Try our gachapon and receive a random ribbon!

Ribbon Challenge

Collect as many ribbons as you can over the course of the weekend!

The attendee with the most ribbons attached to their badge at the end of the weekend will win a super cool prize!

Winner will be selected at the Ribbon Gate on Sunday at 4:30 PM.

Cards & Robots!

Character Cards (Guest Entry Cards)

special thanks to Japanime Games for making the printing possible

Guest Entry Cards were first introduced last year at OffKai Expo and we had so much fun we made them again!

We created a card for each official Gen 3 Guest. As an attendee you got a booster pack featuring our Mascot as well as a random Guest in your welcome package at Registration.

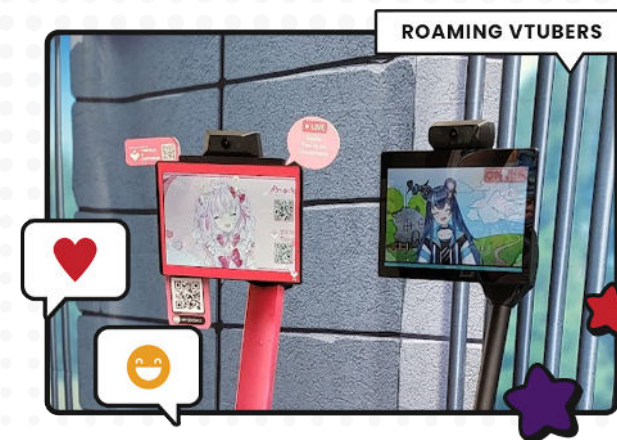

This year we have 90 official cards, and a few secret unofficial ones that are in no packs but might be found elsewhere!

There are a few ways to collect additional random booster packs featuring a random Guest. For example, finishing the Stamp Rally at the Ribbon Gate! (while supplies last)

Participating in some activities around the convention will award participants a random card. Keep an eye on our social media or official Discord, we might announce some spontaneous events.

Mascot History

Designing and naming a Mascot

Originally created after Gen 1, our design team, Ivory Ice, and Kalce, collaborated with everyone involved in the creation of the convention and brought "Mascot-Chan" to life!

For Gen 2, we wanted to give her a name! We looked to our community for suggestions: one of which came from our guest, Rin Penrose. During Opening Ceremonies we let you all vote and thus she was given a name: **The Right Honourable The Former Deputy Head of Grand Council Lady Samantha-Joel "OffKai Mc OffKaiface" Berlington XIV (patent pending)**! We've been calling her "Sam-Joe" for short because even senior staff have trouble remembering her full name!

Ever since she got her name, we've created and received even more amazing drawings of Sam-Joe! Take a look around the convention and see if you can spot her! Find one of her cutouts? Take a picture with her and post it online with the hashtag: #OffKaiGen3

Art Partnership with Studio Élan

OffKai Expo is significantly more colorful thanks to our friends at Studio Élan/VirPro, who provided a lot of new art for us these past two years. We love our mascot and are very happy they are enabling us to plaster her everywhere. Thank you, for everything.

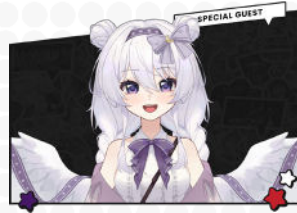

Gen 2 Memories!
